

# **At the Party**

What better way to end the year than to celebrate our connection to community with a party?! In this final lesson, we frame an end-of-year celebration of community. Here students will be able to celebrate their connectedness by contributing to the party, remembering the best of the year, and encouraging one another as valuable members of a larger community. We hope you party hard and have a great year, remembering all of the incredible gifts that God has given to us!
